

**From Scraps to Treasures
Quilt Challenge 2022**

Using the fabric scrap bag purchased at the October meeting, create a unique quilt using the guidelines below:

Style: contemporary or traditional

Item: create a small quilt or wall hanging

Finished Size: from smallest 18 x 18 to largest 36 x 36 and anywhere in between

Construction: use any method of piecing/quilting (machine piece, hand piece, paper piece, machine appliqué, hand appliqué, machine or hand quilt, etc.) If you use a pattern, please write the name/creator of the pattern since others will likely ask, or you can be your own designer.

Fabric Requirement: With the scrap fabric bag purchased, use at least 75% of the scraps in the bag. You may incorporate only 25% of solids or other fabric to complete the quilt top; this does not include your backing or binding, so you are free to choose the backing and binding.

Completion: finished quilt or wall hanging, but please label with your name on the back

The quilts/wall hangings will be presented/displayed at the **March meeting**. You may only enter one item for each scrap bag purchased.
